# ABORIGINAL ART

According to Aboriginal belief, all life as it is today—human, animal, bird and fish, is part of one vast unchanging network of relationships which can be traced to the great spirit ancestors of the Dreamtime.

The Dreamtime is the Aboriginal understanding of the world, of its creation, and its great stories. The Dreamtime is the beginning of knowledge, from which came the laws of existence. The Dreaming world was the old-time of the Ancestor beings. Symbols were used to tell the stories of the Dreamtime, and are a variation of lines and dots.
